Dear Sir / Madam,

I am writing to express my interest in the front-end developer position at your company. As a front-end developer with self-studying experience, I am excited about the opportunity to contribute my skills to your team.

My experience includes proficiency in HTML, CSS, and JavaScript, as well as experience with ReactJS. I also have a background in responsive design and user experience, and I am committed to building websites and applications that are accessible to all users.

As a passionate front-end developer, I am always eager to learn and stay up-to-date with the latest trends and technologies. In my free time, I have worked on personal projects such as building a web-based game using JavaScript and experimenting with different CSS animations.

I am excited about the opportunity to work for your team. And I am confident that I would be a valuable addition to your team.

Thank you for considering my application. I look forward to discussing the opportunity further in an interview.

Sincerely,
Lakshman Karunasena
